Projects

GEM (Group Event Manager) (github.com/aidanlenahan/gem) Feb 2026 – Jul 2026
- Engineered full-stack progressive web app using TypeScript for organizing group events, relying on PostgreSQL and Fastify backend for real-time messaging and background job queues

Personal Homelab Mar 2023 – Present
- Deploy and maintain selfhosted virtualization lab; system monitoring, containers, secure remote access; Proxmox, Docker, Linux

BucIT (github.com/aidanlenahan/bucit) Nov 2025 – May 2026
- Built a full-stack school tech support platform (PHP, MySQL, Apache); deployed at Red Bank Regional High School
- Ticketing, student self-service, tech workflows, inventory management; efficiently improved outdated paper ticketing system

Technical Experience

Network & Cybersecurity Intern — Family Resource Associates, *Red Bank, NJ* Nov 2024 – Sep 2026
- Administered security settings via Windows Local Group Policy and DNS content filtering across a network of over 100 devices
- Wrote PowerShell script collecting diagnostics and auto-resolves common issues (github.com/aidanlenahan/secdiagdrop)
- Reimaged and repaired desktop computers and laptops; diagnosed CCTV cameras, printers, and network hardware issues

Volunteer Web Developer — Gymnastics Excellence Fund & EmmyStrong Foundation, *Remote* Aug 2025 – Aug 2026
- Built and maintained websites for two NJ nonprofits: a youth gymnastics fund and a bone marrow donor awareness foundation
- Ran website marketing and SEO for the Gymnastics Excellence Fund, helping raise $2,400+ in one year

Systems Installation Technician — Shea Communications, *Rumson, NJ* May 2025 – May 2026
- Installed, diagnosed, and tested residential and commercial security systems (surveillance cameras, fire alarms, smart sensors)

Advanced Cybersecurity Intern — NJ Cybersecurity & Communications Integration Cell, *Remote* Jul 2025 – Oct 2025
- Designed and tested Capture the Flag (CTF) challenges on CTFd for a statewide K-12 cybersecurity (CS) outreach initiative
- Built a digital escape room teaching K-12 students CS based on solo research; presented deliverables at Cyber Day (Oct 2025)

Computer Refurbish Specialist — Monmouth Wire Recycling, *Tinton Falls, NJ* Jun 2024 – May 2025
- Refurbished personal computers, mobile devices, landline phones from bulk shipments and managed device inventory for resale
- Developed HTML templates for the eBay storefront to streamline listings and improve buyer experience

Work Experience

Territory Sales Representative — Shea Communications, *Rumson, NJ* May 2026 – Present
- Prospect homeowners and site contractors in Monmouth County for security camera, fire alarm, and smart sensor installations
- Draw on a year of field installation experience to explain system options and sell to clients, generating ~$10,000 in sales

Founder — Aidan Lenahan Dog Services (dogs.aidanlenahan.com), *Little Silver and Hoboken, NJ* Dec 2021 – Present
- Serve(d) 60+ clients, grown 5+ years with self-run marketing, website, referrals; GPS walk logs, update and schedule clients

Counter Staff / Kitchen Expediter — Sea Bright Beach Club, *Sea Bright, NJ* May 2023 – Aug 2026
- Coordinated kitchen staff to route and prioritize up to ~300 orders daily (~$20K in weekly revenue)

Skills & Certifications
